THE ONE PROGRAMME

Take a year on

TAKE A YEAR ON

The Methodist Church is committed to young people. More than that. We're committed to enabling you to really participate in shaping and making the Church.

We call it our Youth Participation Strategy. It's all about opening up space and time for you to make decisions about the way the Church looks and works – not just for you as young people, but for everybody.

As part of this, we've set up The One Programme to give you the opportunity to work for a year in your local churches and Districts in creative projects that are helping to show Jesus to others.

OPPs

Young people on The One Programme are called One Programme Participants. They are our OPPs. Our special OPPs. OPPs are:

- unique individuals
- committed to one place and project
- giving one year of their time
- part of a bigger whole, God's family
